

WIL Mentorship Opportunities

- **Graduate Mentorship:**

This program serves to help aspiring young business women in the iBBA and BBA program to develop professional relationships with Graduate mentors in MBA, iMBA and MBAN, resulting in professional and personal development.

- **High School Mentorship:**

Undergraduate mentors will visit high school mentees to interact and have fun with different workshops and activities such as resume building, snakes and lattes event, holiday parties, and team challenges.

- **Alumni Mentorship:**

As a contingency to high school-undergraduate mentorship, this program will allow graduate students and alumni to connect and build one-on-one relationships through meet-ups and WIL events.
